

## 2011 World Waterski Championships – Dubna/Russia

Please be informed that for several reasons we have made the decision with the organisers not to use the Cruise ship for accommodation. The two official hotels for the Teams will be the Dubna hotel and the Dubna Apart-hotel. Attached you'll find the list of rooms and prices for your information. The prices may slightly change as we are in discussion regarding the upgrading of the breakfast. You can also have a look at the website at <http://www.hotel-dubna.ru/gallery.asp?idchapter=15>. The site is actually only in Russian, but they are working on it to have it available for reservations in English. More and detailed information you'll receive with Bulletin 2.

We also have arranged unofficial paid training with the Official towboats as follows:

Saturday	Slalom all day
Sunday (until 3 pm)	Jump
Both days	Tricks (not in the trick course)

There may be also more training possibilities in Dubna and in Moscow.

You will get detailed information about the above training possibilities in Bulletin 2.

Also please be informed that Bob Corson has prepared a special website for the registration of the "Intent to Enter" and the Entries for Teams and Individual qualified skiers. All Federations will receive an own access code to enter the site during the next days.

Best regards

INTERNATIONAL WATERSKI & WAKEBOARD FEDERATION  
Kuno Ritschard, President
